

*A message from the Auditor Rajeev Subheder*

I am a qualified Chartered Accountant from ICAI and have 25 years of experience of finance and the commercial world. For the last 10 years, I have been working in the Information Technology sector as an ERP Consultant and currently working with IBM as a Managing Consultant. I have been working as a Finance Trustee for the UK charity and associated with charitable work in connection with different charitable projects involving education, health, cultural heritage, sports etc.

I have contributed as well as earned valuable experience in charity sector – more particularly in finance, audit, taxation, administration, fund raising and technology. I am closely associated with the trustees of the Walawalkar Hospital since 1975 and owe my inspiration for charitable work to them.

Thanks & best regards
